CAP Program

The Chartered Advisor in Philanthropy® is a designation provided by The American College of Financial Services. The CAP® curriculum is designed to provide specialized education in philanthropic planning, giving students the knowledge and tools needed to help clients articulate and advance their highest aspirations for self, family and society.

CAP Study Group

The CAP Study Group provides enrolled students with an opportunity to elevate and deepen their study experience through discussions with other candidates in the disciplines of law, accounting, finance and gift planning. In addition to learning through collaborative discourse and real life case studies, study group participants will gain a supportive referral network of like-minded professionals with a broad range of perspectives.
